

Limited time offer!

# Get a FREE EZ NIN or Ultra Ninhydrin Reagent Kit

With the purchase of any AAA system

Valid through December 31, 2024

Bring your cell culture media QC and clinical, pharma, or food and feed analysis in-house with the Bio 30+ Series of Amino Acid Analyzers. Our reagent kits make it easy, too – and for a limited time, your lab can receive a free EZ NIN or Ultra Ninhydrin kit with the purchase of any Biochrom AAA system.

Our reagents are manufactured from high quality chemicals and materials, and subjected to rigorous control procedures under the ISO 13485 Quality System.

- Our **EZ Nin Reagent Kit** is ready to use, with no preparation required: no mixing, no nitrogen, no waiting.
- Our classic **Ultra Ninhydrin Reagent Kit** does not require refrigeration.
